# 2021 UDL-IRN

# International Summit

*on demand*

Live content

**April 13-14**

Pre-conference sessions

**April 12**

## About the Summit

Join us as we host our 8th Annual UDL-IRN International Summit On Demand. This year, we're fully virtual with all content available through our digital portal starting the week of April 12. Interact, engage, and get inspired with professionals from across education and the UDL field. As a valued participant you will learn, reflect, collaborate, create, plan, and transform your understanding of teaching and learning.

This event provides a synchronous and asynchronous professional learning experience. Digital content will be exclusively available to you for six months after the event. All live sessions will be recorded as well, so you can watch and learn at your convenience.

## UDL-IRN

The Universal Design for Learning  
Implementation & Research Network

## About the UDL-IRN

The Universal Design for Learning Implementation and Research Network (UDL-IRN) at CAST supports and promotes the development of models, tools, research, and practices designed to foster effective UDL implementation in educational environments.

# What to Expect

## UDL Talks

Modeled after the famous 18-minute TED Talks, UDL Talks are succinct presentations on field-leading, groundbreaking ideas, or new findings in UDL implementation. This year, experts will explore the response in education to the COVID-19 crisis, learning-space design, learner variability, and maker-centered learning.

## Breakout Sessions & Panels

Dive deeper into conversations focusing on UDL topics and themes. Walk away with tools, methods of practice, and implementation strategies that will boost your UDL knowledge. This year, you can build your own schedule and focus on specific areas pertaining to your work while still having access to every single session, live or recorded.

## Asynchronous Sessions

Take your learning to the next level after the live breakout sessions by participating in asynchronous sessions. Explore video recordings, research articles, live interactive notes documents, usable tools, and more as you gain access to hours and hours of UDL content available to you to browse, watch, and watch again on demand.

## Networking Discussions

New this year, seize the opportunity to network with the global UDL community through targeted 30-minute conversations. Choose from a variety of topics and forums that best fit your needs and interests.

## Regional Meetups

When appropriate and safe, we encourage you to gather with your local colleagues to host regional meetups and watch parties as you virtually engage with the conference presentations and activities. Plan with your local team and colleagues as you learn from the conference content. Receive your choice of a physical or digital regional meetup kit when you purchase a group ticket.

## Registration Information

Registration starts at \$149 per individual. Group tickets are also available at a discounted rate. Your registration includes:

- Access to synchronous and asynchronous breakout sessions, UDL Talks, and featured speakers
- Virtual networking opportunities with leaders in the field
- Interactive workshops and sessions
- And more!
